Universal Connectivity, Inc.

Statement of CPNI Procedures and Compliance

Universal Connectivity, Inc. ("Company" or "UCI") provides traditional and VOIP telecommunications and internet access services to a small number of business customers. The company does not use or permit access to CPNI to market any telecommunications or non-telecommunications services. UCI has trained its personnel not to use CPNI for marketing purposes. Should UCI elect to use CPNI in future marketing efforts, it will follow the applicable rules set forth in 47 CFR Subpart U, including, if necessary, the institution of operational procedures to ensure that notification is provided and customer approval is obtained before CPNI is used or disclosed.

UCI Customer Service personnel do not release CPNI or call detail information to incoming callers. UCI will only release CPNI or call detail information after receiving both written and verbal consent from the authorized Customer Contact and will release information only to the authorized Customer Contact for each account.

UCI does not provide on-line access to customers and therefore does not disclose CPNI on-line. If it elects to do so in the future, it will follow the applicable rules set forth in 47 CFR Subpart U, including the implementation of authentication procedures that do not require the use of readily available biographical or account information and customer notification of account changes. Information regarding customer privacy is posted on the company's website.

UCI does not have retail locations and therefore does not allow in-store access to CPNI.

UCI training procedures and a corresponding disciplinary process ensures that its personnel understand and comply with restrictions regarding the use and disclosure of, and access to, CPNI.

Requests for CPNI by law enforcement agencies are only granted if a subpoena is provided or if the customer provides written permission.

Universal Connectivity, Inc.

Statement of CPNI Procedures and Compliance
(Page 2)

UCI maintains a record of all instances where CPNI was disclosed or provided to third parties, or where third parties were allowed access to CPNI.

The Company has in place procedures to notify law enforcement in the event of a breach of customers' CPNI and to ensure that customers are not notified of the breach before the time period set forth in the FCC's rules, or if applicable, when so authorized by law enforcement. Such procedures require notification and management of the process by the Company President.

The Company has not taken any actions against data brokers in calendar year 2009.

The Company did not receive any complaints about unauthorized release or Disclosure of CPNI through December 31, 2009.

The Company has not developed any information with respect to the processes that pretexters are using to attempt to access CPNI.
